Industrial Engineering

Microfilm copies of *Industrial Engineering* articles are available from University Microfilms International, 300 North Zeeb Road, Ann Arbor, MI 48106. Paper copies can also be obtained from the Publications Order Department, IIE, 25 Technology Park, Norcross, GA 30092, phone 404-449-0460, for $4.00 each, prepaid.

AUTHORS

Articles appearing in the January-December 1992 issues of *Industrial Engineering* are indexed by both author name and subject. The issue date and page number are given to the right of each entry.

A

Ajala, C. — *Wasteful Practices: Handicaps To The JIT Process* ..... Nov 55
Alasya, D., L. Pan and L. Richards — *Using Material Handling In The Development Of Integrated Mfg.* ..... Mar 43
Allen, Sabrina L. — *A Selection Guide To AS/R Systems* ..... Mar 28

B

Babu, A. J. G., N. K. Kittusamy and O. G. Okogbaa — *A Preliminary Audit For Ergonomics Design In Mfg. Environments* ..... Jul 47
Badiru, A. B. and J. Chen — *IEs Help Transform Industrial Productivity And Quality In Taiwan* ..... Jun 53
Badiru, A. B. — *Critical Resource Diagram: A New Tool For Resource Mgmt.* ..... Oct 58
Baggerman, M. and B. Naderi — *The Result Of Ergonomics At The Forefront In Mfg.: Quality* ..... Apr 42
Bailey, R. W. and G. P. Maul — *A New Approach To Solving A Problem: Training The Trainer* .. .. May 60
Barr, T. and S. DeFosse — *Implementing EDI/EGI Will Reduce Time To Market* ..... Aug 30
Bauer, M. W. — *How To Cheat Chaos When Physically Moving An Organization* .... May 63
Bellini, V., D. Paulovich, N. H. Garrett and D. Joachim — *Plant Automation Improves Product Quality And Efficiency* ..... Jun 49
Biciocchi, S. — *Every Business Should Want Superior Distribution* ..... Sep 27
Biciocchi, S. — *Pallet Mgmt. Is No Lightweight Issue* ..... Nov 18
Blass, K. — *World-Class Strategies Help Create A World-Class CIM Facility* ..... Nov 26
Bosch, J. A. — *The Changing Roles Of Coordinate Measuring Machines* ..... Nov 46

C

Cecil, R. and R. Ferraro — *IEs Fill Facilitator Role In Benchmarking Operations To Improve Performance* ..... Apr 30
Chartier, W. and D. Morgan — *The IE And The Search For Employment* ..... Aug 49
Chen, J. and A. B. Badiru — *IEs Help Transform Industrial Productivity And Quality In Taiwan* ..... Jun 53
Clark, J. R. — *Planning For Epoxy ESD Floor Installation In A Mfg. Environment* ..... Sep 35
Conway, W. — *The Quality Of Work Can Be Improved With Industrial Engineering* ... Apr 34

D

Daly, F. E. and J. A. Tompkins — *Relying On Competency-Based Training For Computer-Based Systems* ..... May 46
DeFosse, S. and T. Barr — *Implementing EDI/EGI Will Reduce Time To Market* ..... Aug 30
Denton, D. K. — *Redesigning A Job By Simplifying Every Task And Responsibility* ..... Aug 46
Dhavale, D. — *Activity-Based Costing In Cellular Mfg. Systems* ..... Feb 44
Dieltz, J. P. — *Air Force Work Information Mgmt. System Creates An Organizational Impact* ..... Jan 40
Dietz, M. — *Outline Of A Successful Simulation Project* ..... Nov 50
Ding, F. — *Kitting In JIT Production: A Kitting Project At A Tractor Plant* ..... Sep 42
Draeger, M. A. — *IE Offers Ideas For Improvement In IE Education* ..... Dec 44
Duffy, E. M. — *Southern Utility Co. Energized By Automatic Data Collection System* ..... Oct 29
Duncan, R. M. — *Quality Forecasting Drives Quality Inventory At GE Silicones* ..... Jan 18

E

Edosomwan, J. A. — *Six Commandments To Empower Employees For Quality Improvement* .... Jul 14
Edosomwan, J. A. — *Implementation Strategies For Quality Programs* ..... Oct 24
Edosomwan, J. A. — *Winning The Quality Race By Planning For CQI* ..... Dec 11

F

Fales, J. F. — *Looking Ahead To New Bar Code Shipping Labels* ..... Mar 18
Fales, J. F. — *Exciting Times For New Developments In Tracking Systems* ..... May 14
Fales, J. F. — *Educating Tomorrow's Leaders For Productivity Improvement Today* ..... Jul 12
Fales, J. F. — *Auto ID For Accuracy, Ergonomics And Productivity* ..... Sep 14
Fales, J. F. — *Can You Really Bank On Bar Coded Data?* ..... Oct 40
Feigenbaum, A. V. — *America's New Discipline: Government And Industry Partnerships* .... Oct 60
Ferguson, G. — *The Future Factor And Today's Facilities Planner* ..... Feb 14
Ferguson, G. — *Looking Beyond The Name To Demonstrate Real IE Value* ..... Dec 40
Ferraro, R. and R. Cecil — *IEs Fill Facilitator Role In Benchmarking Operations To Improve Performance* ..... Apr 30
Forbes, L. — *Achieving Professional Success In A Decade Of Economic Uncertainty* ..... Sep 58
Frauenhoffer, P. — *Data Collection System Provides IBM Plants 100 Percent Accuracy* .... Sep 22
Freyberg, D. — *Factor In Quality When Switching To Electronic/Digital Gauging* ..... Apr 38
Fricks, T. — *New Warehouse Technology Makes Well-Designed Floors A Necessity* ..... Sep 31
Fullard, B. J. — *Improve Operations Through The Use Of Conveyor Belt Cleats* ..... Mar 32

G

Gagnon, R. and S. Ghosh — *A Comprehensive Decision Framework For Assembly Systems* ... . May 40
Garrett, N. H., V. Bellini, D. Paulovich and D. Joachim — *Plant Automation Improves Product Quality And Efficiency* ..... Jun 49
Gedde, T. and Y. Gupta — *Patient-Focused Hospitals: Creating A Competitive Edge* .... Nov 62
Ghosh, S. and R. Gagnon — *A Comprehensive Decision Framework For Assembly Systems* ... . May 40
Gouskos, J. — *Three Benefits Every Simulation Buyer Should Understand* ..... Jul 34
Grajo, E. — *An Analysis Of Test-Repair Loops In Modern Assembly Lines* ..... Sep 54
Gupta, Y. and G. Neel — *The Origin of EDI And Changes Associated With Its Implementation* .. .. Aug 25
Gupta, Y. and T. Gedde — *Patient-Focused Hospitals: Creating A Competitive Edge* .... Nov 62

H

Hall, J. — *The Warehouse Of The Future Is Still A Warehouse* ..... Jan 10
Hall, J. — *Integrating Technological Upgrades With Reengineered Processes* ..... Mar 16
Hall, J. — *Mgmt. Systems Can Be A Friend Or Foe - It's Up To You* ..... May 16
Hall, J. — *Applying Electronic Data Interchange To Distribution Operations* ..... Jul 16
Hall, L. M. — *Fundamental Changes In Corporate Restructuring* ..... Sep 16
Halverson, W. and R. Wallace — *Project Mgmt.: A Critical Success Factor Or A Mgmt. Fad* .... Apr 48
Heileman, M. D., D. G. Linton and S. Khajenoori — *Simulation Study Aids Space Shuttle Flight Rate Planning* ..... Mar 58
Hellman, S., S. Lee, J. Perdek and J. Luxhoj — *Using Prototype Expert Systems For AGV Selection* ..... Sep 44
Hershfield, D. — *Proceed One Step At A Time To Implement Automation Effectively* ..... Jun 22
Hill, R. C. — *Computer-Integrated Mfg. Platforms: DOS or UNIX?* ..... Nov 36
Hordes, M. D. — *10 Burning Questions Concerning Quality Improvement* ..... Sep 56
Hubert, P. — *Designing An Expert System In A Medical Facility* ..... Mar 60

J

Joachim, D., V. Bellini, N. H. Garrett and D. Paulovich — *Plant Automation Improves Product Quality And Efficiency* ..... Jun 49
Johnson, K. — *Automated Labor/Attendance System Increases Billables And Improves Cash Flow* ..... Aug 36

K

Katz, E. R. — *Hassle-Free Office Moving (How To Select The Right Mover)* ..... May 64
Kennedy, W. J. — *New Professional Engineering*

N

Naderi, B. and M. Baggerman — *The Result of Ergonomics At The Forefront In Mfg.: Quality* ..... Apr 42
Norman, Van B. — *Future Directions In Mfg. Simulation* ..... Jul 36
Neel, G. A. and Y. P. Gupta — *The Origin Of EDI And Changes Associated With Its Implementation* ..... Aug 25
Nissen, R. E. — *3-D Continuous Path Conveying* ..... Sep 52

O

Okogbaa, G., N. Kittusamy and A. J. G. Babu — *A Preliminary Audit For Ergonomics Design In Mfg. Environments* ..... Jul 47
Otis, I. — *Designing For Manufacture And Assembly To Improve Efficiency And Quality* ..... Aug 60
Overstreet, D. M. — *Computer Simulation Helps Nurses Select Nursing Information Systems* ..... Aug 63

P-Q

Pallin, A. and R. P. Kittell — *Mercy Hosp.: Simulation Techniques For ER Processes* ..... Feb 35
Pan, L., D. Alasya and L. D. Richards — *Using Material Handling In The Development Of Integrated Mfg.* ..... Mar 43
Parsons, R. J. — *A Manager's Guide To Statistical Methods* ..... Jan 29
Pass, S. and B. Ronen — *Mfg. Mgmt. Information Systems Require Simplification* ..... Feb 50
Paulovich, D., V. Bellini, N. H. Garrett and D. Joachim — *Plant Automation Improves Product Quality And Efficiency* ..... Jun 49
Perdek, J., J. T. Luxhoj, S. Hellman and S. R. Lee — *Using Prototype Expert Systems For AGV Selection* ..... Sep 44
Philpot, J. — *State-Of-The-Art German Engineering Moves To America* ..... Feb 16
Pritsker, A. — *Simulation: The Premier Technique Of Industrial Engineering* ..... Jul 25
Prowell, T. — *How Raychem Meets The Challenge Of High-Volume, High-Quality Output* ..... Nov 30
Quigley, P. E. — *Another View Of Time Standards And Managerial Style* ..... Nov 20

R

Raghavan, K. V. and P. R. Kutty — *Exploring The Benefits That Surround Automated Systems* ..... Aug 32
Ransom, W. J. — *The Pain Of Firing: Several Ways To Reduce The Hurt* ..... Jan 12
Ransom, W. J. — *There Is Profit In Empowerment* ..... Feb 10
Ransom, W. J. — *Customer Service Is Much More Than Simply Taking Orders* ..... Mar 12
Ransom, W. J. — *Planning Ahead Reduces The Impact Of A Business Crisis* ..... Apr 14
Ransom, W. J. — *ADA And Compliance: Facts Every Engineer Should Know* ..... May 12
Ransom, W. J. — *Solving The Challenge Of Global Business Ethics: When In Rome, Do What?* ..... Jun 10
Reckford, S. J. and D. J. Sumanth — *A Power Plant Maintenance Worker Productivity Process* ..... Oct 54
Richards, L. D., L. Pan and D. Alasya — *Using Material Handling In The Development Of Integrated Mfg.* ..... Mar 43
Rigg, M. — *Increased Personal Control Equals Increased Individual Satisfaction* ..... Feb 12
Rigg, M. — *Organizations Must Change Their Cultures With A Long-Term Vision* ..... Apr 10
Rigg, M. — *Vision And Value: Keys To Initiating Organizational Change* ..... Jun 12
Rigg, M.— *Reasons For Removing Employee Evaluations From Mgmt.'s Control* ..... Aug 17
Rigg, M. — *Performance-Based Pay: Linking Work Objectives To Personal Interests* ..... Oct 26
Rigg, M. — *Changes To Organizational Infrastructures Drive Empowerment* ..... Dec 12
Rogers, E. — *Ten Nontraditional Aspects Of Facility Planning* ..... Feb 18
Ronen, B. and S. Pass — *Mfg. Mgmt. Information Systems Require Simplification* ..... Feb 50

S

Salcedo, J. — *Using Verification To Ensure Successful Automation* ..... Oct 38
Schroer, B. J. and M. C. Ziemke — *A Closer Look At Modular Mfg. And Deming Mgmt.* ... Aug 55
Sims, E. R. Jr. — *Conveyors Are Often Taken For Granted By Material Handling Planners* ..... Mar 39
Sink, D. S. — *Can IEs Become Masters Of Change?* ..... Dec 34
Small, D. — *The Potential Of RF/ID Is Finally A Reality* ..... Oct 46
Sowards, D. — *TQM Is A Journey: So Where Do We Begin?* ..... Jan 24
Stamper, B. — *What Happens When A Scanner Reads A Bar Code* ..... Oct 34

SUBJECTS AND TITLES

Activity-Based Costing
Activity-Based Costing In Cellular Mfg. Systems — *D. Dhavale* ..... Feb 44

Americans With Disabilities Act
ADA And Compliance: Facts Every Engineer Should Know — *W. J. Ransom* ..... May 12
IE's Role In Implementing The Americans With Disabilities Act — *G. H. Milas* ..... Jan 36

Artificial Intelligence
(see **Expert Systems**)

Assembly Systems
An Analysis Of Test-Repair Loops In Modern Assembly Lines — *E. S. Grajo* ..... Sep 54
A Comprehensive Decision Framework For Assembly Systems — *R. Gagnon and S. Ghosh* ..... May 40
Kitting In JIT Production: A Kitting Project At A Tractor Plant — *F. Ding* ..... Sep 42
Taking A Journey That Leads To Automated Assembly Instructions — *R. Morse* ..... Aug 38

Automatic Identification
Auto ID For Accuracy, Ergonomics And Productivity — *J. Fales* ..... Sep 14
Automatic Data Collection: Technologies Designed For The 21st Century ..... June BG2
Can You Really Bank On Bar Coded Data? — *J. Fales* ..... Oct 40
Educating Tomorrow's Leaders For Productivity Improvement Today — *J. Fales* ..... Jul 12
Exciting Times For New Developments In Tracking Systems — *J. Fales* ..... May 14
Looking Ahead To New Bar Code Shipping Labels — *J. Fales* ..... Mar 18
The Potential Of RF/ID Is Finally A Reality — *D. Small* ..... Oct 46
Southern Utility Company Energized By Automatic Data Collection System — *E. M. Duffy* ..... Oct 29
Using Verification To Ensure Successful Automation — *J. Salcedo* ..... Oct 38
What Happens When A Scanner Reads A Bar Code — *B. Stamper* ..... Oct 34

Automation
Exploring The Benefits That Surround Automated Systems — *P. R. Kutty and K. V. Raghavan* ..... Aug 32
Keeping It Simple To Reduce Spoiled Efficiency In The Food Industry — *B. Svenson* ..... Jun 29
Plant Automation Improves Product Quality And Efficiency — *V. Bellini, D. Paulovich, N. H. Garrett and D. Joachim* ..... Jun 49
Proceed One Step At A Time To Implement Automation Effectively — *D. Hershfield* ..... Jun 22
Taking A Journey That Leads To Automated Assembly Instructions — *R. Morse* ..... Aug 38

Baldrige Award
The 1990 Baldrige Winners Look Back and Forward — *L. King* ..... Jan 14
Six Commandments To Empower Employees For Quality Improvement — *J. A. Edosomwan* ..... Jul 14
Implementation Strategies For Quality Programs — *J. A. Edosomwan* ..... Oct 24

Bar Coding
(see **Automatic Identification**)

Benchmarking
IEs Fill Facilitator Role In Benchmarking Operations To Improve Performance — *R. Cecil and R. Ferraro* ..... Apr 30

Capacity Management
Managing Capacity: Getting The Most From Your Company's Assets — *D. B. Wortman* ... Feb 47
Monitoring Flexibility Provides Feedback In The Capacity Allocation Decision Life Cycle — *J. Lenz* ..... Aug 14

Career
Achieving Professional Success In A Decade Of Economic Uncertainty — *L. Forbes* ..... Sep 58
The Industrial Engineer And The Search For Employment — *W. Chartier and D. Morgan* ..... Aug 49

Computer-Integrated Manufacturing
The Changing Roles Of Coordinate Measuring Machines — *J. A. Bosch* ..... Nov 46
CIM II: The Integrated Mfg. Enterprise — *P. F. Lopes* ..... Nov 43
Computer-Integrated Mfg. Platforms: DOS or UNIX? — *R. C. Hill* ..... Nov 36
Implementing CIM In A Small Company — *C. von Ohsen* ..... Nov 39
Using Material Handling In The Development Of Integrated Mfg. — *L. Pan, D. Alasya and L. D. Richards* ..... Mar 43
World-Class Strategies Help Create A World-Class CIM Facility — *K. Blass* ..... Nov 26

Concurrent Engineering
Implementing EDI/EGI Will Reduce Time To Market — *S. F. DeFosse and T. D. Barr* ..... Aug 30

Conveyor Technology
3-D Continous Path Conveying — *R. E. Nissen* ..... Sep 52
Conveyors Are Often Taken For Granted By Material Handling Planners — *E. R. Sims Jr.* ..... Mar 39
Improve Operations Through The Use Of Conveyor Belt Cleats — *B. J. Fullard* ..... Mar 32
Keeping It Simple To Reduce Spoiled Efficiency In The Food Industry — *B. Svenson* ..... Jun 29

Crisis Planning
Planning Ahead Reduces The Impact Of A Business Crisis — *W. J. Ransom* ..... Apr 14

Customer Service
Customer Service Is Much More Than Simply Taking Orders — *W. J. Ransom* ..... Mar 12
More Than Just Listening To The Customer — *T. O. Miller* ..... Jan 22
There Is Profit In Empowerment — *W. J. Ransom* ..... Feb 10

Data Collection
Data Collection System Provides IBM Plants 100 Percent Accuracy — *P. Frauenhoffer* ..... Sep 22

Distribution
Applying Electronic Data Interchange To Distribution Operations — *J. Hall* ..... Jul 16
Every Business Should Want Superior Distribution — *S. Biciocchi* ..... Sep 27
Integrating Technological Upgrades With Reengineered Processes — *J. Hall* ..... Mar 16
An Inventory Control Solution For On-Site Warehousing — *S. Williams* ..... Sep 29
Mgmt. Systems Can Be A Friend Or Foe - It's Up To You — *J. Hall* ..... May 16
Pallet Mgmt. Is No Lightweight Issue — *S. Biciocchi* ..... Nov 18
The Warehouse Of The Future Is Still A Warehouse — *J. Hall* ..... Jan 10

Education/Training
Educating Tomorrow's Leaders For Productivity Improvement Today — *J. Fales* ..... Jul 12
A New Approach To Solving A Problem: Training The Trainer — *G. P. Maul and R. W. Bailey* ..... May 60
New Professional Engineering Exam Format For 1993 — *W. J. Kennedy* ..... Dec 16
Relying On Competency-Based Training For Computer-Based Systems — *J. A. Tompkins and F. E. Daly* ..... May 46

Electronic Data Exchange
Applying Electronic Data Interchange To Distribution Operations — *J. Hall* ..... Jul 16
Implementing EDI/EGI Will Reduce Time To Market — *S. F. DeFosse and T. D. Barr* ..... Aug 30
The Origin Of EDI And Changes Associated With Its Implementation — *Y. P. Gupta and G. A. Neel* ..... Aug 25

Empowerment
Changes To Organizational Infrastructures Drive Empowerment — *M. Rigg* ..... Dec 12
Increased Personal Control Equals Increased Individual Satisfaction — *M. Rigg* ..... Feb 12
Six Commandments To Empower Employees For Quality Improvement — *J. A. Edosomwan* ..... Jul 14
There Is Profit In Empowerment — *W. J. Ransom* ..... Feb 10

Environmental Issues
Landfill Gas Used As Fuel Reaps Economic And Environmental Benefits — *T. J. Lafond* ..... May 52
Smart Industry Decisions Can Produce Growth Amid Growing Regulations — *J. Sutton* ..... Mar 14

Ergonomics
A Preliminary Audit For Ergonomics Design In Mfg. Environments — *N. K. Kittusamy, O. G. Okogbaa and A. J. G. Babu* ..... Jul 47
The Result Of Ergonomics At The Forefront In Mfg.: Quality — *B. Naderi and M. Baggerman* ..... Apr 42

Ethics
Solving The Challenge Of Global Business Ethics: When In Rome, Do What? — *W. J. Ransom* ..... Jun 10

Expert Systems
Designing An Expert System In A Medical Facility — *Philip Hubert* ..... Mar 60
Using Prototype Expert Systems For AGV Selection — *J. T. Luxhoj, S. Hellman, S. R. Lee, J. Perdek* ..... Sep 44

Facilities Planning
The Future Factor And Today's Facilities Planner — *G. Ferguson* ..... Feb 14
Hassle-Free Office Moving (How To Select The Right Mover) — *E. R. Katz* ..... May 64
How To Cheat Chaos When Physically Moving An Organization — *M. Bauer* ..... May 63
New Warehouse Technology Makes Well-Designed Floors A Necessity — *T. J. Fricks* ..... Sep 31
Planning For Epoxy ESD Floor Installation In A Mfg. Environment — *J. R. Clark* ..... Sep 35
Ten Nontraditional Aspects Of Facility Planning — *E. Rogers* ..... Feb 18
World-Class Strategies Help Create A World-Class CIM Facility — *K. Blass* ..... Nov. 26

Facilities Management

Identifying And Ranking Opportunities For Machine Vision In A Facility — *N. Zuech* ... Oct 42
State-Of-The-Art German Engineering Moves To America — *J. Philpot* ... Feb 16

Flexible Mfg. Systems

Agile Mfg.: A Necessary Condition For Competing In Global Markets — *M. A. Youssef* ... Dec 18
Determine How To Manage A New Mfg. Technology Before Adopting It — *J. Lenz* ... Apr 12
Enhancing Competitive Advantage In A Fast Changing Mfg. Environment — *R. R. Levary* ... Dec 21
Flexible Control Techniques Are Essential Components For Mfg. — *J. Lenz* ... Dec 14
How Well Can Flexibility Be Measured? — *J. Lenz* ... Jun 14
Monitoring Flexibility Provides Feedback In The Capacity Allocation Decision Life Cycle — *J. Lenz* ... Aug 14
The Need For Both Labor And Machine Flexibility In Mfg. — *J. Lenz* ... Oct 22

Health Care Management

Designing An Expert System In A Medical Facility — *P. Hubert* ... Mar 60
Mercy Hospital: Simulation Techniques For ER Processes — *A. Pallin and R. P. Kittell* ... Feb 35
Patient-Focused Hospitals: Creating A Competitive Edge — *T. Gedd and Y. Gupta* ... Nov 62

Human Resources

Automated Labor/Attendance System Increases Billables And Improves Cash Flow — *K. Johnson* ... August 36
The Pain Of Firing: Several Ways To Reduce The Hurt — *W. J. Ransom* ... Jan 12
Reasons For Removing Employee Evaluations From Mgmt.'s Control — *M. Rigg* ... Aug 17
Performance-Based Pay: Linking Work Objectives To Personal Interests — *M. Rigg* ... Oct 26
Redesigning A Job By Simplifying Every Task And Responsibility — *D. K. Denton* ... Aug 46

IIE

1991-1992 Year-End Review ... Jul 54
1992-93 Board Of Trustees And Organizational Charts ... Jun 57
Institute Officers 1992-93 ... Mar 67
Managers Forum Focuses On Competitive Strategies And Continuous Improvement ... Feb 30

Industrial Engineering and IEs

Can IEs Become Masters Of Change? - A Second Look — *D. S. Sink* ... Dec 34
IE Academic Department Heads Answer Industry Questions ... Dec 49
IE Offers Ideas For Improvement In IE Education — *M. A. Draeger* ... Dec 44
IEs Are Called To Improve Productivity And Quality — *P. E. Torgesen* ... Dec 60
IEs Help Transform Industrial Productivity And Quality In Taiwan — *A. B. Badiru and J. Chen* ... Jun 53
IEs Need To Learn That Making Less Of IE Can Make More Of It — *J. Weinstein* ... Dec 56
The IE And The Search For Employment — *W. Chartier and D. Morgan* ... Aug 49
Looking Beyond The Name To Demonstrate Real IE Value — *G. Ferguson* ... Dec 40
New Techniques Take IEs Back To Traditional Techniques — *K. B. Zandin* ... Oct 28
The Quality Of Work Can Be Improved With Industrial Engineering — *W. E. Conway* ... Apr 34
Strengthening Mfg. Education With Inputs From Industry — *H. W. Kraebber Jr.* ... Dec 16

Information Systems

Air Force Work Information Mgmt. System Creates An Organizational Impact — *J. P. Dieltz* ... Jan 40
Data Collection System Provides IBM Plants 100 Percent Accuracy — *P. Frauenhoffer* ... Sep 22
Computer Simulation Helps Nurses Select Nursing Information Systems — *D. M. Overstreet* ... Aug 63
Exploring The Benefits That Surrounded Automated Systems — *P. R. Kutty and K. V. Raghavan* ... Sept 32
Mfg. Mgmt. Information Systems Require Simplification — *B. Ronen and S. Pass* ... Feb 50
Using Information Technology For Successful Document Mgmt. Systems — *H. Y. Liu and M. Y. Tarng* ... Aug 32

Inventory Management

Achieving Inventory Reduction Through The Use of Partner-Shipping — *M. Mackey* ... May 36
An Inventory Control Solution For On-Site Warehousing — *S. Williams* ... Sep 29
Quality Forecasting Drives Quality Inventory At GE Silicones — *R. M. Duncan* ... Jan 18

Just-In-Time

Achieving Inventory Reduction Through The Use Of Partner-Shipping — *M. Mackey* ... May 36
Kitting In JIT Production: A Kitting Project At A Tractor Plant — *F. Ding* ... Sep 42
Smart Industry Decisions Can Produce Growth Amid Growing Regulations — *J. Sutton* ... Mar 14
Wasteful Practices: Handicaps To The JIT Process — *C. Ajala* ... Nov 55

Maintenance

A Power Plant Maintenance Worker Productivity Process — *D. J. Sumanth and S. J. Reckford* ... Oct 54

Management

America's New Discipline: Government And Industry Partnerships — *A. V. Feigenbaum* ... Oct 60
Critical Resource Diagram: A New Tool For Resource Mgmt. — *A. B. Badiru* ... Oct 58
Fundamental Changes In Corporate Restructuring — *L. M. Hall* ... Sep 16
Organizations Must Change Their Cultures With A Long-Term Vision — *M. Rigg* ... Apr 10
Planning Ahead Reduces The Impact Of A Business Crisis — *W. J. Ransom* ... Apr 14

Manufacturing

Activity-Based Costing In Cellular Mfg. Systems — *D. Dhavale* ... Feb 44
A Closer Look At Modular Mfg. And Deming Mgmt. — *B. J. Schroer and M. C. Ziemke* ... Aug 55
Designing For Manufacture And Assembly To Improve Efficiency And Quality — *I. Otis* ... Aug 60
Getting To Know Advanced Mfg. Technologies — *M. A. Youssef* ... Feb 40
How Raychem Meets The Challenge Of High-Volume, High-Quality Output — *T. Prowell* ... Nov 30

Material Handling

3-D Continuous Path Conveying — *R. E. Nissen* ... Sep 52
Conveyors Are Often Taken For Granted By Material Handling Planners — *E. Ralph Sims Jr.* ... Mar 39
Dual Bin Carousel Concept Can Double Volume And Throughput — *D. J. Weiss* ... Mar 30
Improve Operations Through The Use Of Conveyor Belt Cleats — *B. J. Fullard* ... Mar 32
A Selection Guide To AS/R Systems — *S. L. Allen* ... Mar 28
Using Material Handling In The Development Of Integrated Mfg. — *L. Pan, D. Alasya and L. D. Richards* ... Mar 43
Using Prototype Expert Systems For AGV Selection — *J. Luxhoj, S. Hellman, S. Robert Lee and J. Perdek* ... Sep 44

Measuring Devices

The Changing Roles Of Coordinate Measuring Machines — *J. A. Bosch* ... Nov 46
Factor In Quality When Switching To Electronic/Digital Gauging — *D. Freyberg* ... Apr 38

MRP II

Managing Capacity: Getting The Most From Your Company's Assets — *D. B. Wortman* ... Feb 47
Manufacturing Management Information Systems Require Simplification — *B. Ronen and S. Pass* ... Feb 50
OSI, Distributed MRP II And You — *W. F. McSpadden* ... Feb 38

Organizational Change

Fundamental Changes In Corporate Restructuring — *L. M. Hall* ... Sep 16
Increased Personal Control Equals Increased Individual Satisfaction — *M. Rigg* ... Feb 12
Organizations Must Change Their Cultures With A Long-Term Vision — *M. Rigg* ... Apr 10
Real Change Requires More Than "Feels Good" Management — *J. Sutton* ... Jul 18
Vision And Value: Keys To Initiating Organizational Change — *M. Rigg* ... Jun 12

Project Management

Project Mgmt.: A Critical Success Factor Or A Mgmt. Fad — *R. Wallace and W. Halverson* ... Apr 48
Re-Opening Pandora's Box: Sources Of Project Conflict In The '90s — *D. S. Kezsbom* ... May 54

Quality Control/Improvement

10 Burning Questions Concerning Quality Improvement — *M. D. Hordes* ... Sep 56
Factor in Quality When Switching To Electronic/Digital Gauging — *D. Freyberg* ... Apr 38
How To Get The Best Information With Minimal Effort — *B. Mario* ... Jan 16
How Raychem Meets The Challenge Of High-Volume, High-Quality Output — *T. Prowell* ... Nov 30
IEs Fill Facilitator Role In Benchmarking Operations To Improve Performance — *R. Cecil and R. Ferraro* ... Apr 30
Implementation Strategies For Quality Programs — *J. A. Edosomwan* ... Oct 24
More Than Just Listening To The Customer — *T. O. Miller* ... Jan 22
Quality Forecasting Drives Quality Inventory At GE Silicones — *R. M. Duncan* ... Jan 18
The Result Of Ergonomics At The Forefront In Mfg.: Quality — *B. Naderi and M. Baggerman* ... Apr 42
Winning The Quality Race By Planning For CQI — *J. A. Edosomwan* ... Dec 12

Quality Management

The 1990 Baldrige Winners Look Back And Forward — *L. King* ... Jan 14
Real Change Requires More Than "Feel Good" Mgmt. — *J. Sutton* ... Jul 18
TQM Is A Journey: So Where Do We Begin? — *D. Sowards* ... Jan 24

Reengineering

Integrating Technological Upgrades With Reengineered Processes — *J. Hall* ... Mar 16

Simulation
An Analysis Of Test-Repair Loops In Modern Assembly Lines — *E. S. Grajo* ..... Sep 54
Computer Simulation Helps Nurses Select Nursing Info. Systems — *D. Overstreet* ..... Aug 63
Developing A Strategy For Justifying Simulation — *J. Mott and K. Tumay* ..... Jul 38
Future Directions In Mfg. Simulation — *V. B. Norman* ..... Jul 36
How To Select Simulation Software For Mfg. Applications — *A. Law and M. McComas* .... Jul 29
Mercy Hospital: Simulation Techniques For ER Processes — *A. Pallin and R. Kittell* .... Feb 35
Outline Of A Successful Simulation Project — *M. Dietz* ..... Nov 50
Simulation Study Aids Space Shuttle Flight Rate Planning — *M. D. Heileman, D. G. Linton and S. Khajenoori* ..... Mar 58
Simulation: The Premier Technique Of Industrial Engineering — *A. Pritsker* ..... Jul 25
Three Benefits Every Simulation Buyer Should Understand — *J. Gouskos* ..... Jul 34

Statistical Methods
Design Of Experiments And The Waste Of Subjectivity — *J. E. Vick Jr.* ..... Nov 58
A Manager's Guide To Statistical Methods — *R. J. Parsons* ..... Jan 29

Systems Design
Designing For Manufacture And Assembly To Improve Efficiency And Quality — *I. Otis* ..... Aug 60

Time Standards
Now Is The Time To Speak Out In Defense Of Time Standards — *M. E. Mundel* ..... Sep 50
Another View Of Time Standards And Managerial Style — *P. E. Quigley* ..... Nov 20

Warehouse Design
(see **Facilities Planning**)

Work Management
Air Force Work Information Mgmt. System Creates An Organizational Impact — *J. P. Dieltz* . ..... Jan 40

Work Measurement
New Techniques Take IEs Back To Traditional Techniques — *K. B. Zandin* ..... Oct 28
A Power Plant Maintenance Worker Productivity Process — *D. J. Sumanth and S. J. Reckford* ... . Oct 54

1992 International Industrial Engineering Conference Proceedings — May 17-20, 1992

SUBJECTS AND TITLES

Career
Benefits - The 90s And Beyond — *B. Dick* .. 297
Quality - A Career For The 1990s And Beyond — *W. A. Golomski* 305

Computer-Integrated Manufacturing
Aggregate Production Planning As A Building Block In The Strive For CIE — *M. Mizrach* 83
Economic Justification Of CIM — *J. Geng* .. 105
Dynamic Job Allocation On Workstations With CIM-Oriented Schedule-Based Optimization — *L. Kops and S. Natarajan* 77
Group Technology Applications For Computer Integrated Mfg. — *I. Ham* 51
Numerical Control And Flexible Automation — *C. Chang* 61
Statistical Quality Control — *C. Ho, J. W. Nazemetz, and K. E. Case* 85
A Survey Of Artificial Intelligence In CIM — *O.K. Eyada and R. A. Hanson* 95

Human Factors
Ergonomics And The OSHA Regulatory Environment — *D. S. Bloswick and E. Golias* 41
Productivity Improvement In Repetitive Work Tasks: What Works — *B. Das* 15
Rethinking Your Performance Improvement Mind-Set — *P. E. Rossler* 3
Team Approach To Ergonomics: A Case Study From Olin Defense Sys. — *W. Czeschin* 25
Using Ergonomics And Work Measurement To Reduce Injury In High Risk Industries — *R. M. Wygant and B. D. Fischer* 33

Logistics
It's Time To Examine Your Plants Unit Load Practices — *S. P. Singh* 287

Quality In Process Plants
How To Implement Total Quality Mgmt. In Process Industries — *R. A. Klein* 311
Raising Quality And Productivity Via Better Maintenance — *F. K. Bodine* 333
TQM In A DuPont Fibers Plant — *F. Florian* 349
The Total Capacity Mgmt. Concept: What It Can Do For You — *D. B. Wortman* 319

Simulation
Simulation And Total Capacity Mgmt. — *A. A. B. Pritsker* 253
Simulation-Based Multistage SchedulingIn Food Processing Industry — *S. Randhawa, S. Burhanuddin and C. Juwono* 279
Simulation Of The Blow Molding And Thermoforming Processes — *D. O. Kazmer* 269
Simulation: Reducing Work-In-Process And Increasing Machine Utilization — *S. C. Parker and G. Chengalvarayan* 275
Unraveling The Materials Mgmt. Process Using Simulation — *L. Brennan and S. Gupta* 263

Team Building
Addressing Problems And Implementation Issues Of Self-Managing Teams — *E. M. Van Aken and D. S. Sink* 213
Involving Employees - The Catalyst To Positive Change — *M. Muscatello and G. Handy* ... 191
Combine Teamwork and Technology To Reduce Product Dev. Cycle — *T. Hancock* 209
Concurrent Engineering: Team-Building Tool For Design/Manufacture Of Aircraft Engines — *Y. A. Owusu* 199
Dynamics And Mgmt. Of Organizational Conflicts — *P. Pathare* 221
Gainsharing As A Team Empowerment/Reinforcement Mechanism — *W. C. Hauck* 239
Addressing Problems And Implementation Issues Of Self-Managing Teams — *E. M. Van Aken and D. S. Sink* 213
Measuring Team Performance — *R. R. Bushey and P. Wolfe* 231
Team-Based Organization: An In-Process Review — *M. D. Packer* 245
Why Self-Managed Teams Work — *T. Wilson* 183

Total Quality Management
Applying Process Capability Analyses To Develop Integrated TQM Maintenance Strategies — *R. M. Cevenini* 153
Benchmarking For CQI — *J. Edosomwan* 115
Capability Indices: Linking Concurrent Engineering With TQM — *N. F. Hubele, H. B. Hwarng and L. Zimmer* 175
Implementing TQM Training Through Policy Deployment — *E. J. Farina* 137
Improve Results Faster With Benchmarking — *Marla E. Hacker* 121
Object Based Real Time Statistical Process Control — *G. M. Maggioli, T. G. Beaumariage and C. A. Roberts* 165
TQM - What Makes It Work? — *S. Veal* 145
TQM Helps American Express To Improve Customer Service — *C. A. Ntuen, D. Speller and M. Touhidi* 125
Total Quality Management: Trends And Expectations — *G. Hohner* 129

1992 First Industrial Engineering Research Conference Proceedings — May 20-21, 1992

SUBJECTS AND TITLES

Design And Manufacturing
CNC Machinability: A New Definition In Concurrent Engineering — *B. Gopalakrishnan and V. Pandiarajan* 191
Feature Reasoning For Automated Process Planning Systems — *T. Kang* 179
Product Design To Support Efficient Material Handling System Planning — *P. J. Egbelu* 187
A Simulation Study Of Deadlock Avoidance In FMS — *O. G. Okogbaa and J. Huang* 197
Spatial Relationships In Product Design — *Hsu-Chang Liu* 183

Engineering Economy
The Application Of Multi-Attribute Techniques In The Development Of Performance Measurement And Evaluation Models — *J. Trevino and H. R. Liggett* 29
Consideration Of Risk And Uncertainty In The

Weighted Evaluation Multi-Attribute Decision Analysis Model — *J. P. Lavelle, J. R. Canada and J. R. Wilson* 13
Design Justification Of Mfg. Systems — *J. S. Noble* 21
Designing, Maintaining And Managing Large Systems Of Capital Equipment — *P. C. Jones and J. L. Zydiak* 9
Extending Engineering Economics: A Concurrent Life-Cycle Perspective — *W. Fabrycky* 3
Incorporating Engineering Economics Into The Design Process — *D. L. Thurston* 25
"Irreducible" Analysis By Use Of Fuzzy Linguistic Variables — *M. R. Wilhelm and H. R. Parsaei* 37
The Need For Economic Analyses In The Evaluation Of Alternative Solutions To Environmental Problems — *P. R. McCright* 17
Sensitivity Analysis By Means Of Interval Computations — *T. L. Ward* 33

Facility Layout And Material Handling
Intelligent Selection, Design, And Control Of Material Handling And Storage Systems — *J. Trevino and J. K. Eom* 421
Performance Evaluation For Decision Support In Mfg. Cells — *J. Trevino and H. Liggett* 427

Fuzzy Set Applications
Generation Of Mechanical Assembly Sequences With Fuzzy Weights — *P. Chang, D. Ben-Arieh and E. S. Lee* 97
Modeling Uncertainty In Hazardous Waste Transportation — *C. M. Klein* 93

Group Technology
Group Technology: Models And Solution Approaches — *A. Kusiak* 349
On The Measure Of Cell Formation In Group Technology — *S. M. Ng* 353
Transition Towards Cellular Mfg.: The Process And Its Impact On A Company's Practices — *K. R. Kumar and G. C. Hadjinicola* 345

Human Factors
Communicating Technical Information: A Mental Models Approach — *C. J. Atman* 43
Contemporary Human Factors Research Issues In Hearing Protection: A Selective Overview — *J. G. Casali* 50
Human-Computer Cooperation In Complex Dynamic Systems — *P. M. Jones* 65
An Investigation Of Human Learning Capabilities — *D. A. Mitta and S. J. Packebush* 77
Optimal C/R Ratio and Muscle Control In Manual Tracking — *J. Woldstad, J. Berkowitz and C. Rockwell* 71

Industrial Engineering Research
Developing Energy Efficient Affordable Industrialized Housing — *R. L. Armacost, M. A. Mullens and W. W. Swart* 157
Understanding Assumptions Of New Methodologies: An AHP Example — *R. L. Armacost and J. C. Hosseini* 163

Industrial Ergonomics
Biomechanical Simulation Of A Lifting Task — *M. M. Ayoub and M. S. Hsiang* 253
Evaluation of Static Pinch And Grasp — *M. S. Hallbeck* 171
An Expert System For Industrial Engineering Task And Processing Design — *D. Bloswick, P. Budnick and D. Brown* 271
Image Distance And Seat Inclination Effects On LOSA — *D. L. McMullin* 363
Nerve Conduction Testing — *T. Stentz, M. Riley and R. Sposato* 359
Predicting Grip Strength To Optimize Tool Handle Design — *B. Buchholz* 259
Predicting Static Hand Force Exertion Capability — *C. J. Kerk and D. B. Chaffin* 249
Research On Alternative Keyboards — *K. H. E. Kroemer* 263
Slip Resistance And Floor Design In Industry — *M. S. Redfern* 267

Machine Vision
Machine Vision And Applications — *J. Foster, S. Kona and K. Chapman* 371
Profile Segmentation and Merging For Automated Measurement By Computer Vision — *A. Chang, H. Lin and L. Chen* 383
Shape Analysis Of General Polygons Using Vision-Based Systems — *J. A. Venture and J. Chen* 377

Mathematical Programming
Heuristically Solving The Stratigraphic Correlation Problem — *R. F. Dell, W. G. Kemple and C. A. Tovey* 293
A Model For Preventive Police Patrolling — *T. D. Hill and R. Batta* 287

Modeling And Control Issues
A Comparison Of Unidirectional Vs. Bidirectional AGV Systems — *Chang W. Kim and J. M. A. Tanchoco* 109
Concurrent Mfg. Cell Control With Real-Time Database Traversal — *L. Lin and R. Sanka* . 121
Control Limits And The ARL: Some Surprises — *C. H. Ng and K. E. Case* 127
The Next Step In AGVS Design Workstations — *B. Rembold and J. Tanchoco* 113
An Object-Oriented Configuration Framework For Mfg. Simulation Models — *N. Ordemirel* . 105
Reallocation Resources In A Fluctuating Environment — *E. J. Stahlman and J. K. Cochran* 117

Modeling And Optimization
A Framework For Real-Time Process Control Using Neural Networks And Simulation — *D. Schmidt, J. Haddock and W. A. Wallace* 411
Mfg. Process Enhancement Through System Simulation — *M. Mollaghasemi, M. Mullens, W. Swart, P. Haas and C. Carlson* 415

Neural Networks
Artificial Intelligence And Neural Networks — *T. A. Barta* 205
Neural Network Approach To Negotiation Process In Engineering Design — *J. Wang and A. Kusiak* 213
Neural Network Models For Prediction Of Process Parameters In Wood Products Mfg. — *D. F. Cook and A. D. Whittaker* 209
Neural Networks In Process Monitoring — *Soundar R. T. Kumara and K. Chittayil* 219

Performance Analysis Of Manufacturing Systems
Analysis Of Kanban-Controlled Production Systems: A Designer's View — *Y. Leung and M. Kamath* 301
Application Of The Parametric Decomposition Approach In The Analysis Of Mfg. Queueing Networks — *D. Tirupati* 307

Process Planning
Quick Turnaround Cell - An Integration Of Feature Based Design And Process Planning — *T. Chang and D. C. Anderson* 83
Task Oriented And Feature Based Grasp Planning *A. Dubey and B. O. Nnaji* 87

Quality Engineering
Evaluation Of ESS Effectiveness By Monitoring The Repair Distribution — *R. A. Kemerling, D. L. Dietrich and B. Meeker* 339
Process Capability Analysis In Departures From Normality — *J. R. English and D. Taylor* .. 335

Quality and Reliability
Automation And The Total Quality Paradigm — *W. J. Kolarik and R. B. Chinnam* 225
Customer Requirements And The Interrelationship Between Product Design, Manufacture And Service — *S. M. Alexander* 229
Reliability CAD Tools For Concurrent Engineering — *T. Landers and J. English* 243
Reliability: Robustness Over Time — *K.C. Kapur* 237
Research Issues In On-Line Quality Engineering — *E. A. Elsayed* 233

Reverse Engineering
Modular Software Development For Reverse Engineering Applications — *S. Motavalli and B. Bidanda* 279

Scheduling And Control
Analysis Of Periodic And Event-Driven Rescheduling Policies In Dynamic Shops — *L. K. Church and R. Uzsoy* 395
Generation And Control Of Job-Shop Schedules In Failure Prone Production Systems — *S. D. Wu, V. J. Leon and R. H. Storer* 391
Job Scheduling With Random Objective Functions — *R. Storer and S. D. Wu* 401
Robust Scheduling Using Sensitivity Information — *V. J. Leon* 405

Simulation
Basic Concepts In Object-Oriented Simulation Modeling — *J. H. Mize* 133
Common Random Numbers And Multiple Comparisons In Simulation Analysis — *B. L. Nelson* 463
Correlated Decomposition For Analyzing Dynamic Stochastic Systems — *B. W. Schmeiser and M. R Taaffe* 457
An Empirical Comparison Of Stochastic Approximation Methods For Simulation Optimization — *S. Andradottir and G. Gurkan* 471
Future Environments For Simulation Software — *J. Banks* 145
Large-Sample Results For Batch Means — *D. Goldsman and B. Melamed* 467
Modern Simulation Environments: Statistical Issues — *B. W. Schmeiser* 139
Potential Of Machine Learning In Simulation — *B. Khoshnevis and S. Parisay* 149

Statistical Quality Control
A Composite System Approach For Intelligent Quality Control — *H. Yazici and A. Smith* .. 325
Estimating Product Performance And Quality From Design Parameters Via Neural Networks — *S. Brahim, A. Smith and B. Bidanda* 319
Sequential Sampling Procedures For Vendor Selection And An Approximate Method Of Computing The Optimal Sample Size — *A. A. Houshmand and J. C. Arantes* 315
Stationary Stochastic Processes And Quality Control Charts — *M. Jaraiedi and Y. Yaguang* 329

Stochastic Model
Data Envelopment Analysis: Learning From Outliers — *L. M. Seiford* 437
Evaluating Schedules Of Multiple Item Production By A Machine In A Stochastic Environment — *T. K. Das* 433
First And Second Moments Of Backlog For The GI/GI/ Queueing System — *S. Ramachandran and M. A. Wortman* 443
Stochastic Control Of Wafer Fabrication Processes In Semiconductor Manufacturing — *G. Klutke, M. Kammer-Kerwick and J. Fowler* 449
